

A4 Sew Pretty Panel Pouch

All Sew Jenni patterns are designed to be used with teaching assistance during classes or retreats or after a teaching demonstration and are only very basic, step by step written instructions. You are welcome to keep this design as a reminder pattern to help you to create your own projects at home.

This Basic Beginner Pattern is a fast and easy sew using a panel and a single sheet of A4 vinyl. We use and recommend "Oh My Stars" panels. <https://ohmystarscraftsupplies.com/>

Materials:

- 1 x A5 Panel – LANDSCAPE ORIENTATION
- 1 x A4 sheet of vinyl or cut vinyl of your choice
- 1 x 22cm zipper tape
- 1 x zipper pull
- 2 x 5cm pieces of 25mm webbing

LET'S GO!

Step One:

Trim panel if needed and cut A4 sheet or vinyl to the same width as your panel piece, but with an extra 75mm (3 inches) in length (measure from the top of your panel).

Step Two:

Clip half of zipper tape teeth down, right side together on your vinyl, sew in place,

Step Three:

Repeat on the top of your panel.

Step Four:

Fold your vinyl down and top stitch along zipper tape on both pieces

Step Five:

Add zipper pull. Pull straight off and then put on again to leave the pull in the middle.

Step Six:

Fold your webbing in half and sew on both ends of your zipper tape with the folded edge towards the middle of your pouch.

Step Seven:

Clip the bottom two pieces of your vinyl and panel right sides together. This will pull your zipper down to just under the top of your pouch.

Step Eight:

Sew along the open three sides of your pouch

Step Nine:

Trim your seams and clip the corners without cutting any stitches. Invert (birth) your pouch, gently push out your corners.

Congratulations! You have now completed your Panel Pouch! I'll bet it is SEW Pretty!
